Memorandum for the File

On September 17, 1976, I attempted to talk to Attorney eneral Hugh Stanton, Jr., State of Tennessee, by phone (901/528-3100) egarding the MPD report concerning the threat on the life of former olice officer Edward Redditt. Mr. Stanton was busy and I was ransferred to Assistant Attorney General Jim Allen. Mr. Allen eferred me to Chief Criminal Investigator John Carlisle (901/528-3151) s the individual most familar with the file.

However, Mr. Carlisle said he would not touch the file nless he had a direct order from the Attorney General. In the eantime the Attorney General left the office for the day. r. Allen agreed to personally take the matter up with the ttorney General on Monday, September 20, 1976, and said either e or Mr. Carlisle would call me at that time.
